# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
On NOVEMBER 28, 1976
- Export shipments in  
Current Marketing Year
- Daily Sales reported  
NOVEMBER 29 -  
DECEMBER 5, 1976  
-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of December 9, 1976 (based on reports from exporters for the week ending November 28, unless otherwise noted):

Wheat: Weekly sales activity continued slow with Japan, Nigeria, and Peru major buyers. Several changes from unknown destinations were reported and shipped, 27,400 metric tons (MT) of Soft Red Winter to Egypt and 19,000 MT of Hard Red Winter to Brazil. Overall cancellations totalled 150,000 MT, including 47,800 MT of Durum to Algeria and 16,300 MT of Hard Red Spring and Hard Red Winter to Japan. In addition, 61,000 MT of Hard Red Winter to the USSR was switched from the current marketing year (MY) to the next MY. Exports were again very light. Under the daily reporting system, it was reported that the USSR purchased 300,000 MT of Hard Red Winter for shipment during the 1977/78 wheat MY.

Corn: Sales activity was modest totalling about 500,000 MT. New sales were made mainly to Japan, EC, and Portugal, while numerous destination changes and cancellations were reported to many European countries. Exports continued heavy exceeding one million tons of the sixth consecutive week. Total sales to the USSR increased by 17,100 MT of which 15,000 MT was a change in destination and 2,100 MT in new sales. Under the daily reporting system, the USSR cancelled 400,000 MT for shipment during the current MY. Daily sales for shipment during 1976/77 MY included 180,000 MT to Greece and 179,000 MT to Taiwan.

Grain Sorghum: Sales activity was light for the second week in a row. Japan and Israel were the major customers. The sale to Japan represented the designation of U.S. origin to earlier reported optional origin sales.

Oats: Sales of 12,900 MT to Japan were basically offset by cancellations totalling 12,200 MT. Total sales now stand at 112,200 MT for 77 percent of the USDA export projection. Weekly exports of 18,900 MT were the heaviest to date this MY.

Soybean Oil: Total sales rose by 28,100 MT featuring sales to unknown destinations of 15,000 MT and 10,000 MT to India. Currently, sales to India (49,000 MT) comprise over 35 percent of total U.S. soybean oil sales.

Soybeans: Weekly sales were the second lowest for the MY. The EC, Spain, and unknown were the major destinations with Singapore making an initial purchase of 8,100 MT. Sales to the USSR were reduced as 14,600 MT was shifted to other destinations.

Cotton: Sales activity decreased with only Taiwan and Korea buying a moderate quantity. Taiwan bought primarily Texas staple shorter than 1" while Korea bought California 1 3/32" staple.

Barley, Rice, Soybean Cake and Meal: Showed no significant activity.

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
